The event is slated to begin at 9 p.m. and run until 1 a.m. Dancing will be to the New Imperial Jazz Eagles and there will be several door prizes.

ALL PROCEEDS from the benefit will go to the Junior Baseball teams to pay for uniforms, baseball equipment and umpire fees for the two Legion entries.

The two squads playing under the sponsorship of the American Legion this year finished one-two in league play, with the South Torrance nine holding a slim one-game edge on the rest of the league. The Southerners posted a 12-2 record and opened play-off competition at Blair Field in Long Beach last weekend. The Torrance nine ended the league action with a 11-3 slate.

BOTH TEAMS will represent Torrance at Anaheim in a Junior Legion Baseball Tournament second to none. More than 70 junior legion teams will compete for honors in the Anaheim tournament which gets underway Monday. Site for the tournament is La Palma Park.

The boys playing on the Torrance Legion team came from North and Torrance High Schools. South Torrance players came from South High and Bishop Montgomery.

The Torrance Legion team is managed by Ozzie Gimes and Walt Mischejer, while Joe Clements and Jim Berry take care of the South managing chores.

Naval Aviation Station Swamped With Enlistees

In the wake of President Kennedy's address to the nation last week calling for increased draft quotas to meet the present threat to the city of Berlin, the Los Alamitos Naval Air Station, only naval aviation recruiting station in Southern California, has been swamped by draft-eligible applicants for the various officer and enlisted programs available in naval aviation.

In order to provide all eligible Californians with full information on the naval aviation programs available, a summary of those programs follows below:

ages of 19 and 27½ years, have a college degree and may be married. Both groups must meet the physical and mental requirements.

Enlisted Programs: There are several plans offered enlistees in the Naval Aviation program. One of the most popular has been the Naval Air Reserve "6x2" plan. Six years total service are required, two years active, and four years reserve. Recruiting are limits are 17 to 31.

Veterans are also eligible to enlist in the reserve "week-end warrior" squadrons at their old rating providing a billet for their specialty exists in the unit. Age limits are 17 to 39.

Naval Air Reserve programs also include a six months plan. However, only a limited number of enlistees will be taken.

This program requires six months active duty and this is met by technical training programs at Memphis, Tenn. The recruit then returns to California to join a weekend warrior reserve squadron for seven and a half years reserve duty. Applicants must live within 50 miles of the Naval Air Station at Los Alamitos and must be between 17 and 26 years of age.

THE OFFICERS of the Air Station recommend that interested young men see the recruiting staff in person because of overloaded telephone circuits. The station is located six miles east of Long Beach, south of the city of Cypress. Phone numbers are GENEVA 1-1331, extensions 241, 489, 243, or 334.
